PBN Sponsors and Exhibits at FTTH Council Asia-Pacific Conference

Melbourne, Australia, 28 April 2009 - PBN is a member of the Fibre-to-the-Home (FTTH) Council Asia-Pacific - an organisation established to educate, promote and accelerate FTTH in the Asia-Pacific region. PBN is a Sponsor Exhibitor of the forthcoming annual conference. The conference is being held at the Sofitel hotel in Melbourne between 19-21 May 2009 and PBN can be located at stand 20.

PBN is extending an invitation to you to register for the conference by visiting www.ftthcouncilap-melbourne09.org/registration/. The conference will provide you with an insight into the latest FTTH trends. PBN, a renowned Australian company with an established track record globally and with proven expertise in researching, designing, developing, manufacturing and deploying fully integrated broadband access solutions over a fibre optic platform, is well positioned to provide you with information and updates about products and solutions that are currently helping to shape the future of the communications industry.

A number of PBN representatives will be present at our stand to welcome you. They will be available to answer questions about PBN's advanced FTTH products and solutions. See also, representatives from our partner Comverge Networks www.comverge.com.au, a leading system integration company, who will provide you with information about its expertise in creating intelligent networks, plus an insight into some of Australia's best communities already enjoying the many benefits and efficiencies that are typical of an advanced FTTH solution.

For many years, PBN has been working closely with partners around the world to implement smart FTTH networks. On 21 May 2009, PBN is taking the opportunity to showcase Melbourne's leading FTTH community, the Sandhurst Club www.sandhurst.com. In conjunction with the FTTH Council Asia-Pacific and the Sandhurst Club, PBN is hosting a tour of the exclusive Sandhurst community located to the South-East, approximately 35 kilometres from Melbourne's central business district. This will be an exciting event and delegates attending the conference are invited to join the tour. To register for the tour visit www.ftthcouncilap-melbourne09.org.

Come and visit stand 20 and talk to a Representative to learn more about PBN's innovative broadband access products and solutions. For further details about the FTTH Conference visit www.ftthcouncilap-melbourne09.org.
